

Apogee Full Utility Search

The most effective and comprehensive utility plant record search covering all of Great Britain – Apogee’s utility search is the Pinnacle of utility plant information searching.

Apogee draws on **decades of experience** and the best of modern utility search techniques to bring its clients this **fully PAS 128 & HSG 47 compliant** utility search. The search often checks in excess of 50 utility companies and underground utility plant owners. The service **covers all of the independent operators** (IGTs & IDNOs) and telecommunications companies.

A **Fixed Fee** and a fresh search every time delivered in unlocked pdf with a useful summary page that identifies the affected and unaffected utilities as well as confirming the list of the utilities searched.

Suitable for:

Solicitors, Clients, Designers & Contractors

Developers, Local Authorities Consultants, Architects, Design & Build Contractors, Contractors, Highways scheme promoters, Surveyors and Health & Safety consultants.

What our clients are saying (originals available):
